Educational Success Consultation

Choosing a school for your family is an important decision. We at Bethany Christian School invite you to schedule an educational success consultation with our Principal, Dr. Bill Walner, to talk about your family's needs and your goals for your child's academic career.

Dr. Walner has been a Christian schoolteacher and educational leader for 38 years and has a deep desire for all students to become lifelong learners and disciples of Jesus Christ.

During this conversation, you can share your educational goals for your child and provide insight into your child's strengths, gifts, abilities and areas of need. You will also learn how Bethany Christian School can help you and your child achieve these goals. Some of the points we will cover together include:

- What are your expectations for your child's education?
- What are your academic goals for your child?
- How can our curriculum, teachers and Academy meet your expectations?
- What additional educational opportunities—for example, extracurricular activities—are you seeking as part of your child's educational experience?

A time for you to ask all the questions you may have, take a tour of Bethany Christian, visit our classrooms and experience first-hand how our teachers and students interact.

This consultation is provided at no cost or obligation. Sign up today by calling Bethany Christian School's office at 626-355-3527.
